

# PROTECTOR DIESEL

## PRE-ORDER CHECKLIST / CODE DRIVEN ACCESSORY LIST

- The local fire marshal has confirmed that the generator must be located a minimum of \_\_\_\_\_ feet (\_\_\_\_\_meters) from a house or other structure.  
**NOTE: Contact the local Authority Having Jurisdiction (AHJ) for clearance requirements.**
- The local AHJ has advised me regarding the requirements for electrical and/or building permits, as well as those regulations relating to emissions and fuel storage.
- I have been advised of the local requirements for construction of a concrete base pad, and whether anchoring requirements are needed for installation on a flood plain.
- I have confirmed with the appropriate authorities that the generator must be located a minimum of \_\_\_\_\_ feet (\_\_\_\_\_meters) from a property line.
- I have been advised whether the local fire marshal (or other third party) is required to be present at startup.
- I have confirmed that the installation site is applicable to optional standby only and does not require an NFPA 110 capable generator.
- The local fire marshal has confirmed that I am required to extend the fuel tank vents \_\_\_\_\_ feet (\_\_\_\_\_meters) above the surrounding grade.
- The local fire marshal has confirmed that local codes require installation of the diesel product safety accessories designated below.

Item	Description	Part Number	Required
	<b>Emergency Stop Switch</b>	<b>G006510-0</b>	<input type="checkbox"/> YES <input type="checkbox"/> NO
	<b>90% Fuel Level Alarm</b>	<b>G006504-0</b>	<input type="checkbox"/> YES <input type="checkbox"/> NO

Item	Description	Part Number	Required
	<p>Five Gallon Spill Box</p>	<p>G006502-0</p>	<p><input type="checkbox"/> YES <input type="checkbox"/> NO</p>
